Department of Supply Chain
Management & Logistics**

Dear friends, colleagues and partners of the Department of Supply Chain Management & Logistics,

We gladly announce you the organisation of the 4th Olympus International Conference in Supply Chains (4th Olympus ICSC). The Conference will take place in the city of Katerini headquarters of our Department on September 14 & 15, 2018 at Mediterranean Village Hotel (5* beach Hotel, Paralia Katerinis).

The organization will also be held this year in collaboration with the Laboratory of Quantitative Analysis and Logistics of the Department of Mechanical Engineering of the Aristotle University of Thessaloniki, while many organizations of the Greek Supply chain sector will actively participate in the co-organization of the conference.

We strongly believe that this event, 8 years after the first Olympus International Conference on Supply Chains in 2010, will provide the opportunity to all participants to present their research activities and collaborate with the real business world. On the occasion of the conference, we want to co-exist in the same space with academics, researchers, employees and professionals, to exchange knowledge, experience and develop synergies and partnerships with the constant aim of developing the Supply chain and Logistics sector, where graduates will be able to offer their knowledge and entrepreneurs will be able to work with good prospects for growth and prosperity.

This invitation is addressed to academics, researchers, entrepreneurs, decision and policy makers from public authorities, members and representatives of business associations, undergraduate and postgraduate students in the field of Supply Chain Management and Logistics Management. We are promising the high quality of the invited speakers, research papers and discussions, as well as, excellent conference facilities.

We hope to see you all in Katerini city at foot of mythical Olympus mountain and nearby the wonderful Pieria beach in the 4th Olympus ICSC at September 14 & 15, 2018.

Yours sincerely,
The Chairman of the Organizing Committee,

Prof. Dimitrios Triantafillou

AIMS AND OBJECTIVES

The goal of the 4th Olympus International Conference on Supply Chains is to establish a dynamic platform where different knowledge streams will merge, and business and academic stakeholders will meet to exchange knowledge, experiences and promote innovation in the areas of Logistics and Supply Chain Management. The objective of 4th Olympus ICSC is to promote sustainable development of the Logistics sector in the wider region of South Eastern Europe.

TOPICS

Participants are invited to submit papers and posters, on the following or related topics:

- Supply chain and Logistics management
- Humanitarian / Relief Logistics
- Green Logistics
- Supply chains and Logistics in the Services Sector
- Supply chains and Logistics in the Public Sector
- Technology Support and ICT Systems in Logistics and Supply Chains
- Innovative Solutions for Efficient Logistics and Supply Chains
- Education and Training Practices on Supply Chains and Logistics
- Quality Control and Total Quality Management in Supply Chains.

The official languages of the conference are both English and Greek (translation services will be available)

DATES

- | | |
|---|------------------------|
| ● Deadline for submission of abstracts | May 30 2018 |
| ● Notification of acceptance of abstracts | June 20 2018 |
| ● Early registration deadline | July 1 2018 |
| ● Deadline for submission of full papers | July 20 2018 |
| ● ICSC Conference | September 14 & 15 2018 |

INSTRUCTIONS FOR AUTHORS

Abstracts should be submitted until the May 30 2018 at the following address: <olympus2018@teicm.gr>. Authors will be notified on the evaluation of their abstract until June 20th. The submission of the full version of manuscripts will be open until July 20th, 2018. The manuscripts will be peer reviewed and the accepted papers will be included in the ICSC Proceedings.

Submitted abstracts and full version manuscripts should be written in Word 2007 or a newer version, according to the submission guidelines file. You can download and use the template which can be found at <http://olympusicsc.teicm.gr>.

All abstracts, full papers and posters will be peer reviewed by members of the scientific committee. Once a paper is accepted, at least one of the authors must be registered.

All submitted work must be original, not be published before or be accepted for publication in other conference proceedings.
