Organisational skills and competences

Both as a researcher and project manager I have to continuously operate in the manifold environments of joint business-academic ventures and international consortia. I have been involved in planning and coordinating numerous projects. This offered me a great practical experience in operational planning, project management and administration, and in drafting and editing reports.

Technical skills and competences

My working experiences, my studies and my participation in several research teams gave me the opportunity to improve my skills in research, analysis, problem-solving and the utilization of electronic resources and software.

Research skills and competences As a SCM Specialist / Analyst, I've been a Consultant (free lancer) in specific business domains such as Logistics and Supply Chain, ICT and Agrifood and a Project manager (free lancer) responsible for the design and development of regional operational programs, the analysis of regional needs and respective development policies, the identification of funding areas and financing resources, definition of strategic goals for regional development and formulation of respective performance monitoring systems, assessment (ex-ante, on-going, ex-post) of the implementation of EC and national funding mechanisms in national and regional level..

Computer skills and competences

- Operating systems: Unix, Linux (SUSE, Ubuntu), Windows
- Programming environments: Turbo C, C++, Pascal, Clipper, Java, MS Visual Basic, Haskell, Prolog, SQL and Transact SQL
- Office package: MSOffice (Word, Excel, PowerPoint, Access, FrontPage, Outlook, Project, Visio) MOUS Office 2000 Expert Certification, Microsoft SQL Server (Administration and Development), Microsoft Proxy Server
- Project Management Software Applications: MSProject, Primavera
- Web authoring: HTML, DHTML, JavaScript, VBScript, Java applets, WMLScript, XHTML, CGI scripts (ASP, php, Perl), FrontPage and Dreamweaver Macromedia, .NET, Flash Macromedia, Adobe PhotoShop and SWISH
- Web site administration: Microsoft Site Server Commerce Edition, VirtualShop White-Hot Design and FastCatz Storefront Software
- XML technologies: XML, DTD, XSD, CSS, XSL and XSLT, XML Spy Altova
- CASE Tools: Select-Yourdon (Structured Analysis and Design), System Architect, Rational Rose Enterprise Edition and ARIS / ICS (Object Analysis and Design - UML)
- Statistical: SPSS, Mathematica
- Enterprise Information Systems: SAP R3, ERP MS Navision

Dissertation Advisor As a Dissertation Advisor I supervised more that 150 undergraduate and 50 postgraduate dissertations
